Mr. Taft Gratified by Unexpected Assurances of Support in California and Other Evidences of the People's Regard.

From a Staff Correspondent of The Tribune. Beverly, Mass., Sept. 17 .- That Henry L. Stimson, Secretary of War, will be temporary chairman of the New York State Republican Convention, and in that capacity will sound the party keynote, is the impression gathered from the President's correspondents.

Secretary Stimson is anxious to take an active part in the campaign for the re-election of the President, and may be drafted to play a somewhat importhis should not be taken to mean that he is an aspirant for the nomination tor Governor. It is, indeed, far more probable that he will remain a part of the national administration.

While the indications point to William Barnes, jr., favoring the nomination of James Wadsworth, jr., and while Secretary Kocnig is understood to adnomination of Mr. Stimson. it is believed more probable that the choice of the convention for Governor Nicholas Murray Butler, whose friends have been quietly urging him for the place as the most available man who has thus far been suggested.

All efforts to induce the President to take a hand in the selection of a candidate for Governor have proved ungvailing, and both he and Chairman Hilles are of one mind on the subject, believing the choice of a candidate should be left entirely to the dele-

President Taft told some of his friends to-day that he was especially gratified by the exceptionally cordial reception he had at Worcester last Seturday. The local papers estimate the crowd which greeted Mr. Taft when he made his short stop in Worcester at from 25,000 to 30,000, 'The Worcester Telegram" placing the number at 30,000. The \$15,000 graft affidavit of a police cantain, which will be a subject of in quiry before the aldermanic committee to-day, when Police Commissioner again at the resumption of the hear ings in the City Hall, was made by Police Captain John T. The men referred to in the affidavit by Reith are said to be Alfred J. Johnson, a former under sheriff, and Thomas O. Hassett, a former secretary of the Board of Water Supply, who is now private secretary to State Engineer John A. Bensel.

Mr. Johnson and Mr. Hassett both made emphatic denials of any illicit connection with the former police lieutenant following the publication of the purport of the affidavit in an evening pape" yesterday. Mr. Johnson threatened a libel suit against the police cap-

According to the printed summary of the affidavit yesterday, Reith charges that he went to the office of Under Sheriff "Al" Johnson, at No. 299 Broadway, and there discussed with him the LATTER HELD FOR TRIAL possibilities of his being promoted from lleutenant to captain. Reith is said to have sworn that he was taken by John son to the office of the secretary of the Board of Water Supply, in the same building, and that Hassett asked him a lot of questions as to how long he had

been on the force and about his gen eral experience. A week later, it is said, Reith was sent for and called at the residence of "Al" Johnson, on the West Side, and that Johnson informed him that the people having the power to promote him wanted \$15,000. Reith is said to swear that shortly after that he laid all the facts in his experience before General Bingham, who, he said, was greatly excited to learn of it. Reith refused to pay any money, according to the summary of the amdavit, and was passed on the civil service list

when the appointments were made. Those who were familiar with the regime at Police Headquarters at that time said yesterday that General Bingham had a sufficient reason of his own to pass Reith on the list, irrespective of his experience with the \$15,000 incident.

Reith is said to have kept his experience to himself, for unexplained reasons, until he became a captain, and then to have laid the alleged facts before Commissioner Waldo out gratitude for his promotion and assist the Commissioner to get the rank and file of the force to believe that the days of paying for promotions were over. How Reith came to make the affidavit will be a subject of inquiry by the aldermanic committee, Mr. Buckner expects to call Captain Reith and those whom he mentions in the affidavit as witnesses.
